## WALKERVILLE AND SANDWICH

**1909**

UNION PUBLISHING COMPANY OF INGERSOLL

PUBLISHERS

Entered according to Act of Parliament in the Office of the Minister  
of Agriculture in the year of our Lord, one thousand  
nine hundred and nine .

## PREFACE

---

In presenting to our patrons our fifteenth Directory of Windsor, Sandwich and Walkerville, we hope that it will meet with approval. A thorough canvas of the town has been made, and every effort used to obtain the name of every person who should be presented in the Directory.

Mistakes will occur, but we are confident that no more thorough canvas of the town has ever been made.

THE CLASSIFIED BUSINESS DIRECTORY is a complete mirror of the business interests of the towns and presents them to the outside world only as a Business Directory can.

THE MISCELLANEOUS DIRECTORY furnishes a large amount of information useful to Strangers.

Thanking our patrons for the liberal patronage bestowed on our work we remain

Yours Respectfully,

THE PUBLISHERS

MISCELLANEOUS DIRECTORY

# Miscellaneous Directory of Windsor Walkerville and Sandwich 1909

The City of Windsor is finely situated on the south bank of the Detroit River and directly opposite the City of Detroit.

In the early days of The French Regime and of English supremacy it derived its chief importance from its proximity to its neighbor and was known as South Detroit until 1835, when at a public meeting held in the Hutton Tavern where The Imperial Hotel now stands, the name Windsor was adopted. The name South Detroit had been given to it by a man named McDougall, a descendant of a Lieutenant McDougall, who was the owner of what is now Detroit's beautiful Island Park, Belle Isle during revolutionary days. McDougall bought farm property where the old city hall, market etc now stand and laid out the village plot in 1830, Hence the famous McDougall St.

Being a frontier City a large export and import trade is done. The Customs duties last Fiscal year were \$938,904.02 Inland Revenue \$630,433 15

This years assessment is 8,939,525.00 In 1880 it was 1,943,445.00 The bonded debt is 664,910.72 which per head of population looks large but to offset this large amount the City has more public improvements than many places three times as large, consisting of many miles of splendidly paved streets, stone sidewalks, sewers and an unexcelled system of water works at moderate rates to the consumer.

Windsor's flourishing suburbs are to the east Walkerville a great manufacturing community of 3492 souls and Sandwich to the west with 2123 largely residential which added to Windsor's reputation makes a compact community of about 22,000 served by an up to date street car system. A suburban line runs hourly south to Amherstburg 18 miles, another south east 30 miles to Leamington, passing through Essex, Kingsville, Cottam and Ruthven and still another hourly suburban service is given to the west along the banks of the Detroit River and Lake St Clair to Tecumseh 9 miles
